SamanFekri

Software Engineer

Address

No 54 Nakhoda Mohtaj
st farahzadi blvd
shahrak qharb
Tehran, Iran

Mails

Samanf74@gmail.com
Samanf74@aut.ac.ir

Phone

(+98) 9203340136

Education

2013–2017 **AmirKabir Universty of Technology** (Tehran Polytechnic) Tehran, Iran
B.Sc. Computer Engineering, Software
GPA: 18.14/20.00 (3.86/4.00)

2009- 2013 **Salam Iranzamin High school** Tehran, Iran
Diploma of Physics and Mathematics Discipline
GPA: 19.82/20.00

Teaching Experience

2017 - 2018 **Research Assistant, *Research Center of Amirkabir University***
Supervisor: *Prof. Bakhshi*
Research and Developing Amirkabirs's IoT platform.
Location: Amirkabir University of Technology

Fall 2017 **Teaching Assistant, *Internet Engineering***
Instructor: *Prof. Bakhshi*
Location: Amirkabir University of Technology

Fall 2017 **Teaching Assistant, *Microprocessor and Assembly***
Instructor: *Prof. Homayounpour*
Location: Amirkabir University of Technology

Summer 2017 **Teacher, *Python***
Summer course in Student Scientific Chapter (SSC)
Location: Amirkabir University of Technology

Spring 2017 **Teaching Assistant, *Computer Architecture***
Instructor: *Prof. Shiri*
Location: Amirkabir University of Technology

Spring 2017 **Teaching Assistant, *Principle of Database Design***
Instructor: *Prof. Shahriari*
Location: Amirkabir University of Technology

Spring 2017 **Teaching Assistant, *Data Structures***
Instructor: *Prof. Dehghan*
Location: Amirkabir University of Technology

Fall 2016	**Teaching Assistant, *Internet Engineering*** Instructor: *Prof. Bakhshi* Location: Amirkabir University of Technology
Spring 2016	**Teaching Assistant, *Design of Algorithms*** Instructor: *Prof. Mousavi* Location: Amirkabir University of Technology
2013-2015	**Teacher, *Mathematics*** Location: Salam Iranzamin High school
2013-2015	**Teacher, *Physics*** Location: Salam Iranzamin High school

Languages

English	**Professional working proficiency**
Persian	**Native**

Selected Course Projects

2017	**Distributed bitcoin miner** Implementing Live Sequence Protocol and distributed bitcoin miner.	go
2017	**Foundation of Datamining** Fraud Detection project on banking transactions data and exploring survival of titanic using Neural Network, Random Forest and Logistic Regression model	Python
2017	**FPGA** Implementing of n’th norm algorithm with vhdl and synthesis on Xilinx board. Course: Computer Aided Digital System Design	VHDL
2016	**Yepc** Defenition of a compiler in python with lex and yacc. Course: Principles of Compiler Design	Python
2016	**DES with open SSL** Working with Des from OpenSSL library. Course: Information & Communication Security	OpenSSL
2016	**IT summer** Enable and working some sensor for raspberry pi.	Raspberry pi
2016	**Smail** Simple mail server. Course: Internet Engineering	PHP

2016 **Slegrame** Java. MongoDB
An application like telegram supports groups, channels, block, private chat, and etc DataBase of server is MongoDB.
Course: Principles of Compiler Design

2016 **JSbazi** JavaScript
A JavaScript game.
Course: Internet Engineering

2016 **BozorgNamKon** HTML. CSS
HTML, CSS design and code.
Course: Internet Engineering

2015 **Huffman** MFC
Implementation of Huffman algorithm and Design its interface with MFC.
Course: Design of Algorithms

2014 **FAT16 SKings** C#
Implementation of Fat16 for Windows XP SP3 with C#.
Course: Machine Language Programming

2014 **JUMUNG** Java
Java Ultimate Maze Obstacle Neutralizer Game.
Course: Advance Programming

Online Courses

Machine Learning Stanford University, Andrew NG
Python Datamining, Kaggle

Work Experience

2017 - Now **PapionGroup** Senior android developer
Contributed to: Sarashpaz Papion, Papion SMS bank, and Papionet.
Sarashpaz Papion first and biggest cooking social network in Iran.
Papionet a new mobile Ad network.
Website: Papion.io

06-11 of 2016 **Iran Telecommunication Research Center** Internship
Research and build a sample of smart IoT school.
Design and development of smart school's Android application.

06-09 2015 **Nemove Company** Android Developer
Developing the Amirkabir's IoT platform

Honors and Awards

2017	**Ranked 57 in National entrance examination of Iranian all Universities graduate studies with more than 21,000 participants.** Nation-wide university entrance exam of computer engineering
2016	**Ranked 649 in National entrance examination of Iranian all Universities graduate studies with more than 24,000 participants.** Nation-wide university entrance exam of computer engineering
2014	**Ranked 2nd among computer department students (2013 Entrance).** Computer Engineering and IT Department
2013	**Ranked top 0.01% within more than 390,000 participants in National entrance examination of Iranian all Universities in math.**
2012	**Semi-finalist at national mathematics Olympiad**
2012	**Semi-finalist at national computer Olympiad**
2011	**Semi-finalist at national mathematics Olympiad**
2011	**Semi-finalist at national computer Olympiad**
2009	**Achieve certificate high distinction in Australian mathematics competition** Between 0.3% - 2% among all applicants

Skills & Expertise

Programming Skills

- Java, Android (Java, XML), Python, C++.
- PHP, Node.js, Laravel, Vue.js.
- MongoDB, mysql.
- Bash Script, Batch Script.

Hardware and Hardware Programming

- VHDL, Verilog.
- Raspberry Pi.
- Assembly (Intel X86), AVR.

Software

- Weka, Rapid Miner.
- Wireshark.
- Proteus, Modelsim, PSpice
- MS Project, Enterprise

Operation system

- MacOSX.
- Linux(Ubuntu, raspian).
- Windows.
